Allin Interactive Delivers Premium ITV Solution to Station Casinos' Red Rock Resort and Green Valley Ranch Resort

June 10, 2014
For Immediate Release

Pittsburgh, PA: Allin Interactive announced today that it is delivering its DigiHD™ ITV solution to Station Casinos' two luxury resorts: Red Rock Resort and Green Valley Ranch Resort. The project will be the first deployments of the DigiHD ITV solution in the Las Vegas market and the third and fourth activations of DigiHD ITV in the casino resort market. Previously, Allin has installed DigiHD ITV at The Borgata Casino Resort & Spa and The Water Club in Atlantic City, New Jersey. Allin ITV is also available in over 110,000 cruise ship cabins worldwide, on leading cruise brands such as Royal Caribbean Cruise Line, Norwegian Cruise Line, and Carnival Cruise Line.

The DigiHD ITV solution provides a branded high-definition interactive interface that optimizes the real estate of today's high-resolution screens. Interactive content is managed on-site via the Allin DigiManager™ content management portal. As a result, guests will have access to quality on-demand content provided by Cox Business/Hospitality Network as well as real-time resort information provided by Station Casinos. Efficient and easy navigation enhances the ITV experience with services such as pay-per-view movies, restaurant information and menus, daily activity and casino events schedule, spa information, and account review. Real-time information and on-demand videos are distributed over the properties' existing IP network.

"We are very pleased to be working with Cox Business/Hospitality Network in the delivery of news and entertainment content to resort guests," stated Brian Blair, President of Allin Interactive. "The Allin premium ITV platform together with the Cox Business/Hospitality Network high-speed data infrastructure is a great enhancement to the guest experience at Station Casinos."

"Adding Allin's ITV product to our video on demand solution at the Red Rock and Green Valley Ranch properties is a combination that will maximize the guest VOD viewing experience," said Derrick Hill, vice president of Cox Business/Hospitality Network in Las Vegas. "And we are delighted to deliver that experience to Station Casinos."

About Allin Corporation

Allin Corporation is a leading provider of interactive application development, technology consulting and platform integration services. Allin Interactive, based in Fort Lauderdale, Florida, specializes in deploying turn-key integrated interactive television and interactive mobile applications to the hospitality marketplace, based on its innovative browser-based
